Welcome

20TH ANNUAL CONGRESS OF THE
EGYPTIAN SOCIETY FOR THE GLAUCOMAS
ESG 2020
PHYSICAL / VIRTUAL

Dear Colleagues

The ESG is pleased to welcome you to its **20th Annual Meeting**. Following long months of unprecedented lockdown due to the global **COVID-19** crisis, we are happy to meet again, exchanging experiences, ideas, and knowledge. Rich scientific content and a **"Glaucoma Movies Theatre"** on various areas of interest in the field of glaucoma, together with the participation of eminent Egyptian and International Guest Speakers promise this will be an outstanding meeting.

This year and for the first time, international guest speakers will be **virtually** sharing their lectures live to the conference room, to be followed by **interactive live discussion** with attendees in the congress venue, and virtual attendees. International attendees and speakers will be able to join the meeting virtually, which will be an opportunity to share glaucoma tips and knowledge across the world.

For those attending the meeting in the congress venue, all possible health precautions are well taken care off, including **seating distancing, sanitization, and enforcement of protective masks wearing**. To make logistics easier for physical attendees, we opted to squeeze the meeting into one full day, with shorter talk durations and rather condensed content. This is naturally augmented by the very well received **"Glaucomatology 2020" ESG webinars series**, which will be ongoing to early December.

In **ESG 2020** we will be in remembrance of Prof. **M.I.Abdalla**, **ESG founder** and its **first president**, who passed away in February, may God rest his soul in peace and forgiveness.

In 2020, **ESG** is inaugurating its **Gold Medal Award**, which will be awarded each year to an outstanding figure in the field of Glaucoma. Its first awardee is none but **Prof. Dr. Ahmed Abou Eleinein**, the knight of the society, who has given a career to the service of spreading glaucoma knowledge and helping its patients.

We hope you will find **ESG 2020** a fruitful and knowledge raising event, and that we all enjoy a rich and healthy conference.
