Welcome

Dear colleagues

On behalf of the Board of the Egyptian Society for the glaucomas (ESG) it is my great pleasure to welcome you to the sixteenth annual meeting. ESG has succeeded to hold its annual meeting for fifteen years in Cairo, usually on October, without interruption in spite of any circumstances.

We have a full and exciting Scientific Program scheduled once again, including outstanding keynote speakers, symposia, and instruction courses. Guest speakers have been invited from UK and US.

In this year, the instruction courses will extend for the whole two meeting days in a separate hall for skill transfer to young trainee ophthalmologists.

I hope you will find this congress rewarding with a useful experience.
